Our Vision & Mission

Vision

To be the leading patient transport service provider that sets the standard for safety, reliability, and customer service, delivering peace of mind to patients and healthcare professionals alike.

Mission

Our mission is to provide safe, reliable, and efficient transportation solutions to patients, their families, and healthcare facilities. We strive to offer compassionate and personalized service that meets the unique needs of each patient, while ensuring their comfort and dignity. Our team is dedicated to upholding the highest standards of professionalism, safety, and customer satisfaction, and we continuously seek to improve our services through innovation and ongoing education. Through our commitment to excellence, we aim to become the preferred patient transport provider for individuals and healthcare institutions across the nation.

What Makes Us Different?

We saved 0.80 Million Lives, the solution to India's patient transport problems. With assured easy-fast reliable & safety, we also provide economically priced ambulances.

In a developing nation like India, with a whopping 1.4 billion population. Many patients can't afford ambulances, and other health services help On-Time, and due to this, many remain deprived of elementary treatment in the golden hour of the battle between life and death.

#Ambulance Team (SALMS), are the first to step in and take the initiative to fill that empty void, to resolve the crisis needy ones are facing, In the initial phases of Our presence in the country, we have changed this curse of inaccessibility of ambulance services into a Boon and made it Easy-Fast-Reliable for all.
